

My call to minister the Gospel springs back in the year 2002, when I disclosed to my elders that I sensed the Lord's call. I still remember saying "I am unable to keep this to myself and withstand the longing or desire to minister to the lost Souls. I also remember mentioning that this call didn't come to me because John Laing has a vacancy. I said no! no! , this inner conviction was beyond John Laing. My time in John Laing confirmed or contributed to my desire or longing" end of quote.

> However, you and I know that the call to the ministry has two sides of the coin. The internal and external call. I would like to acknowledge that, at the time, when I first felt the internal call, there has not been an external call, my only experience been recognition of my preaching abilities, However, despite so many years having passed by, my Passion, conviction conscience and also the extension of this call by Kafue Reformed Baptist Church has humbled me so much and added a blazing zeal that has been already in motion.

> Nonetheless, brethren, the Apostle Paul says " Who is sufficient for these things " (2 Corinthians 2:16). No one!. None is qualified for this task, am not worthy for the assignment, am gripped with inadequacies because of the awesomeness of the responsibilities of this office.

> In conclusion I would like to take this opportunity to thank you for just considering my name. This has humbled me so much. May God richly bless you all.
